I'm Mark, a front-end developer who turns design ideas into pixel-perfect and responsive websites that wow users.

Work Experience

Front-end Developer   **Company**   **Jan 2023–Present**
New York, USA

- Crafted mobile-responsive web applications that seamlessly adapt to all devices and browsers, resulting in a 40% decrease in bounce rate and higher user engagement for clients such as XYZ Corp."

Front-end Developer & Team Lead   **TripGuide**   **2022-2023**
Remote

- A Trip booking service built with Next.js, Redux Toolkit & MongoDB
- Developed a dynamic web application while keeping in mind all the best UI/UX practices from a high-fidelity Figma design.
- Used Next.js 13 to reduce time-to-market, SEO support, and the clever server-side rendering to load pages leading to faster page loading times.
- Configured Next.js auth and cookies to authenticate and persist user session state.

Front-end Developer   **CarRent**   **2022**
Remote

- An online booking system designed to meet the needs of any car-renting business
- Spearheaded communication between frontend and backend development teams for the entire sprint, leading to seamless development and deployment while maintaining a proper Git and GitHub workflow
- Used Next.js 13 to reduce time-to-market, SEO support, and the clever server-side rendering to load pages leading to faster page loading times.
- Constructed a RESTful environment to handle multiple client requests through well-organized routes for increased code readability and maintainability.

Education and Certifications

- **JSM Masterclass Experience**, Remote   **2022–2023**
- **B.Sc. Computer Science,** NYU, New York   **2018–2020**
